Interactive. Flexible. Effective.

Unlike other computer-based learning programs, Berlitz Virtual Classroom® features live instruction. Wearing headsets and microphones, participants interact with each other and the highly trained, native-fluent Berlitz instructor online just as they do in a traditional classroom setting. They practice conversation in realistic situations. Supportive instructors provide feedback and personal attention to build each participant's skills and confidence. The online format is easy to use. It also allows participants to record sessions and play them back for review.

No need to travel

Just log in from the convenience of your home, office or wherever you are. You just need a headset, high-speed Internet access and your computer.

Small interactive groups

(3-5 participants per group) taught by a native-fluent instructor specially trained to motivate and inspire you live online.
