Our method

Learning a language ...

- while having fun?
- without theory?
- without translation?

Yes,
it's possible!

This is the creed of the **entertaining method** of Berlitz Kids. Our lessons are essentially based on the use of **games** and of **songs**. Practised in small classes and exclusively in the target language, the Berlitz Kids method places the child at the centre of a **natural learning process** that is similar to that of his / her mother tongue.
